

The Magic Box

I will put in my box a sly cat with a sneaky plan. A magnificent mare with its adorable small foal. A chocolate fountain that splashes all over my box.

I will put in my box the sound of the birds whistling in the morning, the sound of a cat's purr. The sound of Isabella's dog Buster snorting. The beautiful music of my piano.

I will put in my box the fun I had as a child; the excitement of waiting for Santa. Getting to open my presents. Playing with my new toys. Having my friends over.

I will put in my box my mother, my father and my brother. My cats and my granny. My friends, my cousins, my aunts, my uncles and my granny's dogs.

My box is designed with a sprinkle of magic and a lot of love and friendship.
