

Inside Me

There is a fish inside me that swims and eats me.

There is a light inside me that will protect me.

There is a cat that sleeps on my heart and will never leave.

There is a dog inside me that plays around and it will be loyal and stay.

There is a mouse inside me that damages me and can hurt me.

There is a bird inside me who can't trust the other birds fully, but does its best

There is a tree who loves and worries, fights and helps and it will always get love 😊
